Press Release

India supports Universal Health Coverage in Micronesia

Responding to a request from Government of the Federated States of Micronesia, Government of India (GoI) extended a grant amount of around USD 1 million under the **India-UN Development Partnership Fund** for the project, *“Taking Universal Health Coverage to Every Person in the Federated States of Micronesia (FSM)”*.

2. The project aims to promote accessibility and quality of primary health care in the rural communities of FSM. Support to the project is a reflection of India’s deep-rooted ties with Micronesia that encompasses multiple areas of cooperation.

3. India-UN Development Partnership Fund, established by Government of India in June 2017, provides support to projects in developing countries that aim to contribute to achieving the Sustainable Development Goals. The Fund attaches centrality to the principles of South-South cooperation and places priority on national ownership and leadership, equality, sustainability and development of local capacity. A sum of USD 150 million has been committed by GoI for this Fund which caters to 86 projects in 65 countries, till date.
